

Environment Protection Declaration

With the global environment protection movements and various legislations on environment protection, we agree to improve, develop and supply cutting-edge products, technology, and systematic production managements for the purpose of protecting human health and the environment through the restricted use of certain hazardous substances.

To achieve the purpose stated above, we hereby represent and warrant that each and all products including their raw materials, components, assembly parts, packaging materials as well as those indirect materials used in manufacturing process and maintenance will meet the requirements of then-currently applicable international laws, treaties, or other regulations related to environment protection.
